

## FAIR IN THE SOUTH

A Large Crowd Surprises the Managers.

## WOMAN'S DAY WELL OBSERVED

Excellent Racing Events—Annual Election of Officers—Today's Program in Brief.

When the gates of the Kent county fair grounds were closed last night the directors were jubilant and a smile indicative of proud satisfaction wreathed their countenances. The attendance at the fair yesterday surpassed the expectations of the most sanguine persons connected with the management. The crowd was variously estimated from 8,000 to 10,000 and it seemed that all southern Kent county turned out to visit the grounds. Farmers' teams were hitched in squads in every direc-

tion from the grand stand. At 2 o'clock the women were addressed in carriage hall by Mrs. S. G. Ketchum and Marjorie Strickland of Detroit, on the subject of woman suffrage. The hall was well filled, a majority of the crowd being composed of the sterner sex. The hall was decorated for the occasion with the state suffrage banner, flags with stars in half millions, representing that only one-half of the population is free; a flag with one large golden star to represent Wyoming, the lone woman suffrage state, and with bouquets and flowers.

**Woman's Responsibility.**  
Mrs. Ketchum opened the exercises detailing the present condition of the woman suffrage question. She said women are held responsible for the condition of the government and help to

bear the burdens incident to its administration, but have no voice in its affairs. Women are always loyal to men's interests, and it seems they can't afford to ignore them. The mothers of the race should be recognized. Progress along this line is being made and more rights are accorded them each year. They have been elected delegates to national conventions and their demands are now past the stage of ridicule. They have obtained equal rights in everything but suffrage. Since the University of Michigan was opened to women the scholarly attainments and

moral condition of that institution has been placed on a higher plane. Women are becoming the educated class. Three-fourths of the graduates from our schools are girls. There is great danger to the perpetuity of our republican form of government in ignoring the class and placing the government in the hands of the irresponsible and uneducated portion of the people. She closed by referring to Mrs. Strickland's success in convincing the supreme court of Michigan that women are eligible to

office. The case in question was that of Marguerite Burr of Flint, whose legal authority to act as deputy county clerk was referred to the supreme court two years ago.

**Mrs. Strickland's Address.**  
Mrs. Strickland gave an interesting account of the work from the first woman suffrage convention was called by Elizabeth Cady Stanton in

1848 up to the present time. She gave the primary and secondary reasons why women should be given the ballot. The primary object is that the ballot would be an exponent of equality and expression of their individuality. The secondary reason for demanding the ballot is that the two sexes working together would accomplish everything that could be attained. What one would overlook the other would attend to. She contended that the work for the advancement of morals is lacking, because men are unable to cope with matters of this kind. Mrs. Strickland will remain in the city a few weeks for the purpose of giving instructions in parliamentary usages. She now occupies the chair of parliamentary law in Columbia college, Chicago.

**Cavalade and Races.**  
The cavalcade was more extensive and comprised a larger number of horses than on Wednesday. The procession headed by the games band proceeded around the race course in show form. The collection included proud Percherons, Cleveland Bays, Clydesdales and coach horses, horses for all work, drivers and carriage horses. They marched proudly to the strains of the band and their showy forms were greatly admired by lovers of horse flesh. The procession was half a mile in length. Immediately following the cavalcade came the races. The first race was the three-quarter mile running race with the following entries: Brigham A., Charlie Logan, Dixie B., Dynamite and Trude. The purse was \$150 divided into prizes of \$75, \$50 and \$25. George Morse and W. R. Cady were the judges and Albert Guld acted as starter.

**Trude Wins the Race.**  
The first heat resulted: Trude, first; Dixie B., second; Charlie Logan, third; Dynamite, fourth; Brigham A., fifth. Time, 1:19.

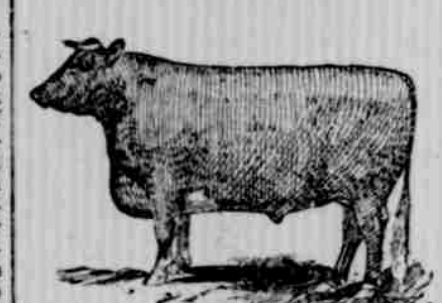

The second heat decided the race, which resulted as follows: Trude, first; Dixie B., second; Charlie Logan, third; Dynamite, fourth; Brigham A., fifth. Time, 1:19.

A PRIZE LIST.

Dynamite, fourth; Brigham A., distant. Time, 1:19. The horses came in in precisely the same order as in the first heat. Trude won first money and Dixie B. second.

**Bob Thomas a Winner.**  
The steeple-chase was a two and one-fourth mile heat, with the following entries: Bob Thomas, Evangeline, La Blanche and Don Pedro. The race was more satisfactory to the audience than the steeple-chase on Wednesday. The horses came in in the following order: Bob Thomas won, Evangeline second, La Blanche third. Don Pedro balked at the first hurdle, as on the day previous. The purse in this race was \$200, divided into prizes of \$125, \$50 and \$25. First prize was given to Bob Thomas.

CARRIED ALL BEFORE HIM.

The races this afternoon will include a bicycle race with ten entries, steeple-chase with two or three additional horses and a one mile novelty running race. The prizes for the bicycle race are a pair of gold-mounted opera glasses, a gold-headed umbrella and a scarf pin.

**Election of Officers.**  
The annual election of officers and directors of the society was held yesterday afternoon with no contest. But one ticket was in the field and 192 ballots were cast. Following are the officers and directors elected:

For President—John H. Withey.  
For Secretary—A. W. Meach.  
For Treasurer—Aaron Brewer.  
For Directors—N. D. Emmons, H. H. Richards, George Morse, J. F. Trout, Horace Davis.

The ticket as nominated was voted without a scratch, excepting in one instance, where Withey's name for president was crossed and C. C. Constance's name substituted. Today the fair will close with the determination on the part of the officers to continue the Kent County fair each year, sink or swim.

**Morse's.**  
Up on the upper tier of the Exhibition hall are the booths occupied by Morse's department stores, Nos. 122, 124 and 126 Monroe street. The display is one of the great features of the fair. From many of the most important departments of Morse's stores are taken the cream novelties that are being offered the public and arranged tastefully in the several booths allotted to the firm in the hall. Our country sisters, cousins and aunts, as well as their city relatives inspect the hand-some exhibit made by Morse's with great interest. The grists of pretty fall novelties shown can be seen in far greater variety and larger assortments at the stores on Monroe street.

**J. N. Failing & Co.**  
Another South Division street firm that has a splendid display of goods, is J. N. Failing & Co., who make a show of their goods to be proud of. The exhibit of hardware, stoves, cooking utensils, etc., is meritorious.

**Crozier Bros.**  
One firm whose exhibit at the fair is deserving of words of praise, simply because they not only went to con-

sidable expense to make a favorable showing, but took from their down town store samples of the very best offerings they are making the public. Reference is made of Crozier Bros. shoes, Canal street. This firm's display should be seen to be appreciated. Some of the natty appearing and stylish footwear observed is really fine.

**"The Famous."**  
The display of footwear made by "The Famous," 46 Canal street, is not only complete, but embraces everything that is tasty and stylish in that particular line. The ladies are especially interested in this exhibit, simply because "The Famous" made extra effort in their display of foot gear for the weaker sex. There is no booth in exposition hall that attracts more attention than that occupied by "The Famous."

**The Bell Furniture Co.**  
One part of the exposition building, that occupied by the Bell Furniture company, 507 South Division street, always has an eager throng of sightseers. The exhibit is unique and complete and receives much praise. The goods to be seen represent but a few of the novelties handled by this firm.

**General State News.**

**ORIGIN OF EARRINGS.**  
Mohammedan Legend of Abraham, Sarah and Hagar.

According to the Moslem creed the reason why every Mohammedan lady considers it her duty to wear earrings is attributed to the following curious legend:

Sarah, tradition tells us, was so jealous of the preference shown by Abraham for Hagar, that she took a solemn vow that she would give her no rest until she had mutilated the fair face of her hated rival and bondmaid.

## SHOT BY A HUNTER

C. A. Lewis Mistook Peter Vander Vleet for a Woodchuck

## AND FILLED HIM WITH SHOT

About Twenty Were Lodged in the Unfortunate Man's Head and Neck. He Will Probably Recover.

Peter Vander Vleet, residing at No. 245 Teuth street, was accidentally shot and seriously wounded yesterday by C. A. Lewis, who resides at the corner of Fourth and Scribner streets.

The shooting occurred in a strip of city. Both men were hunting squirrels, neither knowing of the presence of the other. Lewis saw what he supposed was a woodchuck, and immediately fired. When he reached the spot where his supposed game was he found Vander Vleet lying unconscious from the effect of his shot, which had lodged in his head, neck and shoulder. Lewis immediately procured a farmer's wagon and had Vander Vleet brought to Dr. Keirstead's office, No. 210 West Bridge street, where some of the shot was removed. He was then taken in the ambulance to his home.

Dr. Keirstead stated that while the wound is serious it is not necessarily fatal, and that if no unforeseen circumstances arise, Vander Vleet will recover. About twenty shots were lodged in his person.

**HOBOS AGAIN.**  
They Assault a Night-Watchman With Stones and Clubs.

The hobo gang is on the turf again. Monday, Tuesday and Wednesday evenings they went to Miller's box factory on South Front street, at the crossing of the railroads, and desired to sleep in the sheds. The watchman refused to let them do so, and Wednesday night they assaulted him, throwing clubs, stones and everything else handy. He was knocked insensible, in which condition he remained for several hours. The affair was reported to the police and kept quiet, and an additional patrolman was sent over to that locality last night.

**More Kidlets to Spank.**  
Warrants were issued yesterday for the arrest of Frank Irwin, William Broome, Leo and Frank Nowakowski, all members of the senior class of County Agent Hathaway's kindergarten. Frank Irwin is charged with stealing three mouth organs from J. Babenzine and the other three all charged with the heinous crime of having stolen the boxes of cheap cigars. County Agent Hathaway is having built a machine like that told of by Mark Twain, wherein a paddle revolves in an opposite direction to the position of the youthful offender. It is estimated that its use will decrease the labors of the county agent about half.

**Mrs. Arnold Released.**  
Julia Arnold, the woman under arrest for concealing the goods stolen by Hoagland and Remington, the youthful toughs who have just entered the county jail, was released in police custody yesterday charged with receiving stolen property. The case was nolle prossed on motion of the prosecuting attorney, as the evidence that she knew that the goods were stolen was not sufficient to warrant a conviction.

**For Indecent Assault.**  
Charles Rogers was arrested at the West Michigan fair grounds by Deputy Sheriff Hoylan on suspicion of having committed an indecent assault on a little girl. He was arrested on a description and he denied the charge. He was registered at the jail as a traveling man, 34 years old, married and residing in Chicago.

**Arrested For Larceny.**  
John Wilson was arrested yesterday for the larceny of a bicycle, which he claims he bought of a stranger. He was released on bail signed by his father and will appear in police court.

**THINGS WITHOUT SOULS.**  
Railroads Withdrawing From the Traffic Association.

CHICAGO, Sept. 22.—The Southern Pacific has served notice of withdrawal from the Western Traffic Association. The Great Northern also freed itself from the association, giving out its intention to withdraw from the trans-Missouri association on January 1. The end is as plain as if it had arrived. Prominent officials agree that the plan of a voluntary association founded on the unsupported pledges of its members is a failure. The majority of the officials agree that the time will be ripe for a new association early in the year.

Before that time each line will be so crowded with traffic as not to feel the need of combination. When the time does come to form an association it is believed it must not only be a money pool but a money penalty pool, as proposed by Judge Springer.

The Nickel Plate today tore passenger rates wide open by announcing the following rates:

Chicago to Buffalo, one way, \$8.60; round trip, \$14. Chicago to New York, one way, \$12.50. There is no possibility of stopping the Buffalo rate, but before they meet the New York rate, the line will exhaust every effort to induce the trunk lines to refuse to go-rate with the Nickel Plate east of Buffalo. The Nickel Plate gives no reason for the reductions, although a partial excuse is furnished in the devaluation in Chicago and Ohio rates.

**BOARD OF DIRECTORS.**  
Of the Louisville, New Albany & Chicago Railroad.

INDIANAPOLIS, Sept. 22.—The stockholders of the L. N. & C. R. held their annual meeting in this city yesterday. Samuel Thomas, president in his report says: "The gross earnings were for the year, \$3,112,707.73; operating expenses and taxes, \$2,114,383.23; net earnings, \$997,324.50. The payments for net earnings were: Interest and rentals, \$551,344.88; dividends, \$25,314.61. The balance of gross earnings amounted to \$340,759.34. Two branches, the Bedford & Bloomfield

and the Orleans, West Baden & French Lick Springs railroads, in the near future will be united legally with the parent corporation."

The stockholders selected as directors for the respective term of years are: Samuel Thomas, John Greenough, Calvin S. Brice, John G. Moore, four years; W. H. McDowell, Gilbert B. Shaw, C. Weidenfield, three years; H. H. Campbell, E. K. Shiley, Frank H. Lawrence, two years; James E. Greenhouse, Eugene D. Hawkins, N. Willis Bumpsted, one year; John B. Hughes and F. K. Strugs of the old board were dropped and N. W. Bumpsted and John G. Moore substituted.

**A Diabolical Trick.**  
If there is one more deadly than the hater-trinity, syphilis, biliousness and the irregularity of the bowels usually violent together, we are unaware of it. These co-operative organs, the stomach, the bowels and the liver, are usually thrown out of gear together, and the restoration of regularity to one is usually the signal for the others to follow. Hatter's Stomach Bitters controls all these beneficently and completely, not only regulating but invigorating them. It also exerts a most happy influence upon the kidneys and blood, giving a healthful impulse and enriching the second. It overcomes malaria and a tendency to chronic rheumatism and neuralgia, and improves appetite and sleep. To the nervous it affords unspeakable relief. A wine-cleanser, three times daily with it, restores and achieves results to be expected from no other health medium.

**Steamboat Arrangements.**  
Taking effect Monday, September 19, the Grand river boats will leave as follows:

Steamer Barrett on Mondays, Wednesdays and Fridays.  
The Valley City on Tuesdays, Thursdays and Saturdays.

On Saturdays the Valley City will double its route so as to run excursions on Sunday, if any. Freightage will be delivered at either of the docks and will be forwarded regularly every day.

Both the Valley City and Barrett will leave their respective wharfs at 9 o'clock a.m. The return trip ticket via Chicago & West Michigan railroad will be sold only on the steamer Valley City.

This is the new arrangement entered into between the two steamship companies of this city.

**A Good Thing to Keep at Hand.**  
From the Troy (Kansas) Chief.

Some years ago we were very much subject to severe spells of cholera morbus, and now when we feel any of the symptoms that usually precede that ailment, such as sickness of the stomach, diarrhea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by F. J. Wurzburg, druggist, 58 Monroe street.

**"Royal Ruby" Port Wine.**  
No good thing should be outlawed because here and there a graceless person treats it badly. It is just as necessary to administer invigorants to the aged and feeble as it is to strengthen a dwelling that is beginning to decay. Not only may life be greatly prolonged by artificial support, but the declining years of those who are able to use it rendered more comfortable and agreeable of many of its usual pains and penalties by a judicious use of "Royal Ruby" Port Wine; each bottle is guaranteed by the undersigned to be absolutely pure and over five years old at bottling, or money paid back it will be refunded. Quart bottles \$1.00; pints 60c; never sold in bulk. See that you get "Royal Ruby." For sale by White & White, Thum Bros. & Schmidt, leading druggists. Bottled by Royal Wine Co., Chicago.

**Read Carefully.**  
GENTLEMEN—For over four years I have been afflicted with an eruption of the skin, which became very troublesome and I could get no relief. I was also troubled very badly with constipation, which nothing I tried gave permanent relief until I took Dullum's Great German Blood, Liver, Stomach and Kidney Remedy, and since taking I have been entirely cured. For a tonic, blood purifier and general health restorer I can heartily recommend it. Mrs. M. W. Keiser, Flint, Mich.

Guarantee Dr. Acker's Blood Elixir, for it has been fully demonstrated to the people of this country that it is superior to all other preparations for blood diseases. It is a positive cure for syphilis poisoning, Ulcers, Eruptions and Pimples. It purifies the whole system and thoroughly builds up the constitution.

A little boy of Mrs. McDonald's, living near here, fell against a red hot stove and was fearfully burned. The pain was terrible, and it was thought the burn was so severe as to scar the child for life. I sold the lady a bottle of Chamberlain's Pain Balm, which, after grazing the sore, she applied. It soon removed all the fire and eased the pain and in ten days the boy was well, no trace of the scar remaining.—J. D. McLean, Keyport, Clinton county, Ill. For sale by F. J. Wurzburg, druggist, No. 58 Monroe street.

Among the incidents of childhood that stand out in bold relief, as our memory reverts to the days when we were young, none are more prominent than severe sickness. The young mother vividly remembers that it was Chamberlain's Cough Remedy that cured her of croup, and in turn administered it to her own offspring and always with the best results. For sale by F. J. Wurzburg, druggist, No. 58 Monroe street.
